

MEMORIAL PLAQUE DETAILS

Memorial Plaques are installed in the Museum’s main gallery on the upper apron of the display cases. The plaques are a beautiful black and brass finish as shown at the right. A branch of service appliqué may be affixed if desired. A 5x7 photo of the honored veteran may be mounted alongside the plaque.

Basic plaque size is 8 by 10 inches.

The basic cost is \$200.00. This includes 300 characters (letters, numbers, and digits), one service applique and a 5x7 photo mount.

Up to 50 additional characters may be added at a cost of .50 per character. Additional service appliques are \$3.50 each. A 6 month, no interest, payment plan is available on request.

The example shown above is just one of many layouts possible. For a different or custom layout call for an appointment — there is no additional charge for this service..

Plaques may honor:

- A U.S. veteran from any service era.
- A U.S. service connected person
- A U.S. defense worker.
- A U.S. unit, ship or aircraft.
- A U.S. service organization

As in the example at the left, the veterans name, branch of service, unit or ship can be inscribed along with a sentiment from the purchaser, as well as a dedication and date of dedication.

Larger plaques for units or ships encompassing multiple names of crew members are available on special order. Call for details on custom designs.
